

GIVE YOUR CHILD THE OPPORTUNITY
TO EXPERIENCE SUCCESS...

COMPANY BACKGROUND

Former CISD school teacher, Sue Abbott, was one of the founding members of **SIMPLY TUTORING** in 1999.

Sue graduated *cum laude* with a BS Degree in Elementary Education and taught in the classroom for 15 years prior to establishing the company.

She now leads a solid organization of certified teachers, professional adults and other qualified tutors.

SIMPLY TUTORING was founded on a simple idea: the tools that students gain from a tutor can have a profound impact on grades, study skills, confidence levels and their future...

“ At Simply Tutoring, we partner with parents to match the student to a qualified tutor. We firmly believe that the tutor should address the needs of “the whole child” in order to meet each student’s individualized goals. ”
